

BRAIN ANEURYSM FOUNDATION

Raising Awareness. Ending Fear.™

collaboration**comfort****innovation****hope** 2013 Annual Report

The Brain Aneurysm Foundation is fortunate to have a Medical Advisory Board composed of neurologists, neurosurgeons, and interventional neurologists from around the world working at many of the world's most prestigious medical facilities.

These doctors provide continued expertise and support to the foundation in a variety of ways and we are grateful for the time contributed and the dedication of our medical experts. In 2013, we continued to strengthen our visibility through the engagement of our Medical Advisory Board partnering with the foundation to impact awareness, education, support and research locally, nationally and internationally.

The Brain Aneurysm Foundation is grateful for the service of the Board Members who give very generously of their time, talent and individual perspective providing inspired direction to fulfill the mission of the organization.

Together, we teach and learn, we comfort and support, we can fund research that saves lives, we are The Brain Aneurysm Foundation.

A Word from

The Executive Director

A sincere thank you to all of our supporters who helped make 2013 another fruitful year for the Brain Aneurysm Foundation. All of your donations, time given as a volunteer, and efforts made to coordinate successful events is truly appreciated. Because of you, the foundation continues to make strides in raising awareness, providing support and education, and awarding more research funding.

2013 involved a lot of internal work building towards future success as we head into our 20th year! Aside from developing our new logo and tagline, there has been a tremendous amount of work to transition to a new donor and event management system which will go live in the first half of 2014. With these system changes will also come a facelift to our website in an effort to get you to the information you need more easily.

Our monthly interactive webinars continue to be a great educational tool, connecting our members worldwide and bringing them up to date medical information and advancements from top doctors in the field. Our support groups have grown in numbers and have developed a stronger sense of commitment to the patients they serve. A doctor from China generously donated his time by translating our educational brain aneurysm treatment booklet into two versions of Chinese. We were fortunate through the collaboration of a few to have a mobile application developed both for Apple and Android devices. We are excited to share that our revenue from events run by generous volunteer supporters increased by 22 percent!

So once again, a big thank you to **YOU**, for supporting the mission of the Brain Aneurysm Foundation. **YOU** are with us every step of the way as we continue *to Raise Awareness and End Fear*. With your continued dedication and donations of time, talent, and money, our journey in the fight against the devastation caused by brain aneurysms will be impactful.

I look forward to the achievements **WE** will make **together** in 2014 as we celebrate the 20th anniversary of the foundation.

Thank you again for your dedication to the Brain Aneurysm Foundation!

Best wishes – **Christine Buckley**, *Executive Director*

The Medical Advisory Board Executive Director

It has been such a pleasure to see The Brain Aneurysm Foundation continue to grow in number of members and in support. The BAF demonstrated continued growth financially as well as in many awareness and fundraising activities due to the support of so many of you. A total of \$880,000 of research has been funded since the inception of the grant program in 2007. In 2013 the largest amount of funding to date, \$205,000, was distributed to ten different research projects selected through a very competitive process. This funding is crucial to help continued efforts to identify and treat unruptured aneurysms as well as aneurysmal subarachnoid hemorrhage and its associated complications, such as vasospasm and stroke. In addition to the increased funding efforts for research, the foundation raised \$985,000 of funding. Undoubtedly, these funds will be a valuable resource in the foundation's mission of raising worldwide awareness and education of brain aneurysms. To that end, the BAF became a registered charity in Canada with other countries expressing interest in becoming involved.

2013 was a year with continued development and implementation of efforts to raise awareness for the public as well as healthcare professionals. Via Primed, the foundation again supported a continuing medical education (CME) lecture aimed at primary care professionals to help them better understand the signs, symptoms, and proper screening for brain aneurysms. This lecture was delivered in Baltimore, MD to over 500 attendees. Our hope is to continue to provide similar lectures in different cities each year. The Medical Advisory Board continued to grow in numbers and talent with members joining from across the United States and Canada.

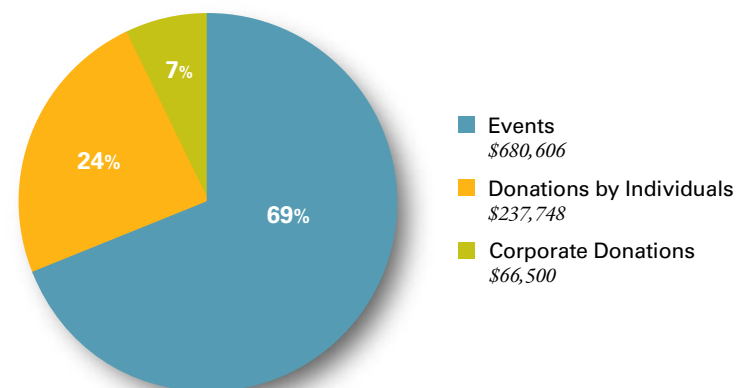

On behalf of the Medical Advisory Board, I congratulate you for all your efforts in 2013. I thank you for your continued support of the Brain Aneurysm Foundation and your commitment to pursuing research, education, and awareness and support for patients and families of this often devastating disease. I am hopeful 2014 will be as rewarding and that through our research, lives will be saved.

Christopher S. Ogilvy, MD, *Executive Director, Medical Advisory Board, The Brain Aneurysm Foundation*

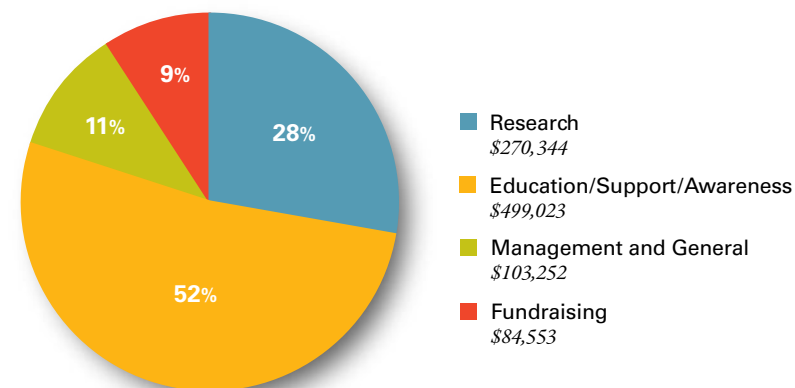

2013 Financial Summary*

2013 Revenues - \$984,854

2013 Expenses - \$957,172

Since 1994, when the Brain Aneurysm Foundation was established

in Boston on August 19, 1994, as a public charity, our funding has

been targeted to providing critical awareness, education, support and

research funding to reduce the incidence of brain aneurysm ruptures.

The foundation has no endowment; every dollar we raise is deployed to

advance research to reduce the incidence of brain aneurysm ruptures,

to create wider awareness of brain aneurysms, to provide support

for those affected by brain aneurysms, and to educate patients, their

families, and the medical community about brain aneurysms.

The Brain Aneurysm Foundation keeps a sharp eye on expenses

and strives to maintain a low overhead.

* Audited financial results for 2013 not currently available.

Research Grants

In 2013, the Brain Aneurysm Foundation awarded ten grants totaling \$205,000 supporting our commitment to invest in brain aneurysm research.

The Brain Aneurysm Foundation awards research grants for basic scientific research directed at early detection, improved treatment modalities, and technological advances that will ultimately improve outcomes for patients with brain aneurysms. The foundation's Research Grant Committee is headed by Robert Rosenwasser, MD, FACS, Professor of Radiology and Neurosurgery at Thomas Jefferson University Hospital. He, along with three other members of the Medical Advisory Board, scores all grant applications to determine the grant recipients based on the highest scores.

The 2013 research grant recipients include:

Ricardo A. Peña Silva, M.D., University of Iowa. Dr. Peña Silva was awarded the North Shore University Hospital, Brain Aneurysm Center Chair of Research, a \$25,000 grant to fund his research - *Impact of Angiotensin 1-7 on cerebral aneurysm inflammation and rupture.*

Kamil W. Nowicki, M.D., University of Florida. Dr. Nowicki was awarded the Shirley Dudek Demmer Chair of Research, a \$25,000 grant to fund his research - *Role of Peroxisome Proliferator-Activated Receptor (PPAR) agonists in preventing aneurysm formation and rupture.*

Justin Caplan, M.D., Johns Hopkins Hospital. Dr. Caplan was awarded the Timothy P. Susco Chair of Research, a \$25,000 grant to fund his research - *Haptoglobin phenotype and clinical outcomes in patients with intracranial cerebral aneurysms.*

Chanannait Paisansathan, M.D., University of Illinois at Chicago. Dr. Paisansathan was awarded the Maine's Kimberly Tudor and Karolina Kurka Chair of Research, a \$25,000 grant to fund her research - *The Activation of S100 B / RAGE Pathway Mediates Subarachnoid Hemorrhage-Associated Vasospasm and Delayed Neurological Deficit.*

Josephine D'Abbondanza, MSc, St. Michael's Hospital. Ms. D'Abbondanza was awarded the Step for Hope Chair of Research, a \$25,000 grant to fund her research - *Genetic Determinants of Susceptibility to Complications of Subarachnoid Hemorrhage.*

Yunxia Tao, Ph.D., Texas Tech University Health Sciences Center. Dr. Tao was awarded the Cynthia Lynn Sherwin Chair of Research, a \$25,000 grant to fund her research - *Pilot Study: Evaluate the Potential of using PKD1 Expression and Function Level as a Risk Marker for Intracranial Aneurysm Rupture.*

Michael McDowell, M.D., Columbia University. Dr. McDowell was awarded the Christopher C. Getch Chair of Research sponsored by the CV Section, a \$15,000 grant to fund his research - *Assessment of Aneurysm Rupture Risk: Candidate Susceptibility Genes for Subarachnoid Hemorrhage and Morphological Parameters.*

Ciaran James Powers, M.D., The Ohio State University. Dr. Powers was awarded the Robert Simon Chair of Research, a \$15,000 grant to fund his research - *Micro RNA Profiling of Aneurysmal Subarachnoid Hemorrhage.*

Teresa Santiago Sim, Ph.D., University of Texas Health Science Center at Houston. Dr. Sim was awarded the Dawn Brejcha Chair of Research, a \$15,000 grant to fund her research - *Investigating the Function of THSD1, a Novel Intracranial Aneurysm Susceptibility Gene.*

Kendall Van Keuren-Jensen, Ph.D., The Translational Genomics Research Institute. Dr. Van Keuren-Jensen was awarded the Carol Harvey Chair of Research, a \$15,000 grant to fund her research - *Creation of a miRNA Panel for Detection of Patient outcome after Subarachnoid Hemorrhage.*

The 2013 research grant recipients were awarded their individual grants at The Seventh Annual Brain Aneurysm Foundation Research Grant Awards Symposium on September 12, 2013, at The Washington Athletic Club in Seattle.

Awareness and Education

Back on Capitol Hill - Lobbying for Brain Aneurysm Awareness

On May 21, 2013, the Brain Aneurysm Foundation, members of our Board of Directors and our Medical Advisory Board, survivors and family members who have lost loved ones to brain aneurysms from all over the U.S. came together in Washington, D.C., for the second year in a row to meet with members of Congress to advocate for brain aneurysm awareness, research and early detection. Fifty advocates from fifteen states attended seventy scheduled meetings with both Senators and Members of the House of Representatives to discuss the importance of brain aneurysm awareness and ask for their support as the Brain Aneurysm Foundation prepares to have new resolutions sponsored and introduced under the 113th U.S. Congress. The states represented were:

MA, NY, TX, MD, DE, VA, KS, PA, OH, IL, IN, WA, NJ, GA and NE. Our goal is to establish September as National Brain Aneurysm Awareness Month by passing new resolutions in the Senate and House with the current Congress. The Brain Aneurysm Foundation is establishing a Governmental Affairs Committee to keep working on this very important initiative throughout the year. Your advocacy through our online petition encourages your Members of Congress to vote to support brain aneurysm awareness. The Representatives we met with were touched by the personal stories shared of the devastating emotional and financial impact brain aneurysms have on individual families and were interested in understanding the greater economic impact of this disease as well.

Continuing Medical Education Initiative

On December 5, 2013, in Baltimore, Maryland, the lecture developed by the Brain Aneurysm Foundation focused on the importance of early detection via proper diagnosis and screening, as well as treatment options was delivered for the second time to a full audience of primary care physicians and nurses. The lecture is CME/CMU accredited. It was delivered by Rafael Jesus Tamargo, M.D., Professor of Neurological Surgery, Professor of Otolaryngology-Head and Neck Surgery; and, Walter E. Dandy Professor of Neurosurgery,

Director, Cerebrovascular Neurosurgery, Neurosurgical Co-Director, Neurosciences Critical Care Unit, Professor of Neurosurgery Vice-Chairman, Department of Neurosurgery The Johns Hopkins Hospital, and Medical Advisory Board Member of the Brain Aneurysm Foundation. The lecture was both well attended and well received by the medical professionals in attendance at the conference. The Brain Aneurysm Foundation would like to thank Covidien and Aesculap, Inc. for providing an educational grant in support of this program.

Check Out Our Free App

The Brain Aneurysm Foundation has announced the release of its new mobile application “Brain Aneurysm” for use on Apple and Android devices. The free app, now available for download on iTunes and Google Play, is designed to provide the general public with useful information about brain aneurysms, whenever and wherever they may need it.

The Brain Aneurysm App was created in conjunction with The Neurosurgical Atlas and Dr. Aaron Cohen-Gadol, a leading neurosurgeon from Goodman Campbell Brain and Spine and Indiana University Department of Neurosurgery.

Virtual Library of the Brain Aneurysm Foundation Webinars

The Brain Aneurysm Foundation live webinars have used the power of the Internet to create a webinar forum where patients can reach experts to discuss important details of their care, and most importantly, have the ability to ask questions while they are at home, at no cost. The BAF webinars have been very successful in reaching the above mentioned goals to satisfy the mission of the Brain Aneurysm Foundation. Dr. Aaron Cohen-Gadol, an aneurysm surgeon and a member of the BAF Medical Advisory Board, has been moderating these webinars. We continue to receive very positive feedback from our members who attend these webinars from all over the world. These webinars are archived and are available for viewing shortly after the presentation of the live webinar on the BAF website. In 2013 we created a patient library of “Cerebral Vascular Webinars” and a new physician library of “Cerebral Vascular Webinars” to provide greater accessibility of these excellent resources.

The Brain Aneurysm Foundation would like to acknowledge and thank the following doctors who delivered webinars in 2013:

Robert Singer, MD — Presented “I’ve Got a What?” General Information for Patients Just Diagnosed with a Brain Aneurysm

Sucheta Kamath, MD — Presented Managing Cognitive, Social and Emotional Challenges After Ruptured or Treated Aneurysms

John Leever, MD and Alan Reeves, MD — Presented Cerebral Aneurysm Imaging Surveillance and Radiation Effects

Nicole L. Mazwi, MD — Presented Recovery and Outcome after Subarachnoid Hemorrhage

Arvind Ahuja, MD — Presented Risk Factors for Intracranial Aneurysm

This new application is an innovative way to increase awareness and educate individuals about brain aneurysms. The app features educational videos about aneurysms, treatment and recovery and patient advocacy. The app also provides access to a variety of blogs about brain aneurysms, discussion groups, upcoming events and fundraisers and much more.

Educational Booklets Available in Three Languages

Over 25,000 educational pamphlets for brain aneurysm treatment options and recovery were distributed across the country and internationally, to medical facilities treating brain aneurysms, as well as our 60 support groups. The booklets are available in English, Spanish and Chinese. The Chinese translation was provided by: Qiyong Mei, M.D. of Shanghai and proofing by Rose Du, MD, Ph.D. The Brain Aneurysm Foundation would like to thank Codman Neurovascular and Covidien for providing the funding for the production of our new patient educational booklets.

The Brain Aneurysm Foundation is proud to announce in 2013 we became a registered charity in Canada.

Support Services

The Brain Aneurysm Foundation eases the diagnosis, procedural and recovery process for survivors and families by providing phone support, email support, support groups, our main website, and our support website.

The online support website at **www.bafsupport.org** was initially launched by the Brain Aneurysm Foundation in 2010. In 2013 membership has increased 47% and now has over 5,400 members, all affected by brain aneurysms either as survivors or family members.

Support groups offer brain aneurysm survivors and their families the opportunity to share life experiences, work through challenges and find new ways to adapt to changes in their life. The goal of support group meetings is to help alleviate fears and concerns through education and group discussions facilitated by a medical professional. Survivors realize that they are not alone. Survivors and caregivers share their experiences and show support to those that are in need. There are now close to 60 support groups located in the following states: MA, NH, ME, NY, NJ, PA, DE, MD, VA, IN, WI, IL,

MN, MI, OH, MO, KS, TN, GA, FL, LA, AL, CO, TX, AZ, CA, WA, OR and Canada.

The Brain Aneurysm Foundation is working very closely with the Medical Advisory Board members to establish new support groups in the hospitals where they practice and we are pleased to announce the following new support groups as a result of these efforts.

Beth Israel Deaconess Medical Center Support Group

Brigham and Women's Hospital Brain Aneurysm Support Group

Dartmouth-Hitchcock Brain Aneurysm Support Group

Maine Medical Center Brain Aneurysm Support Group

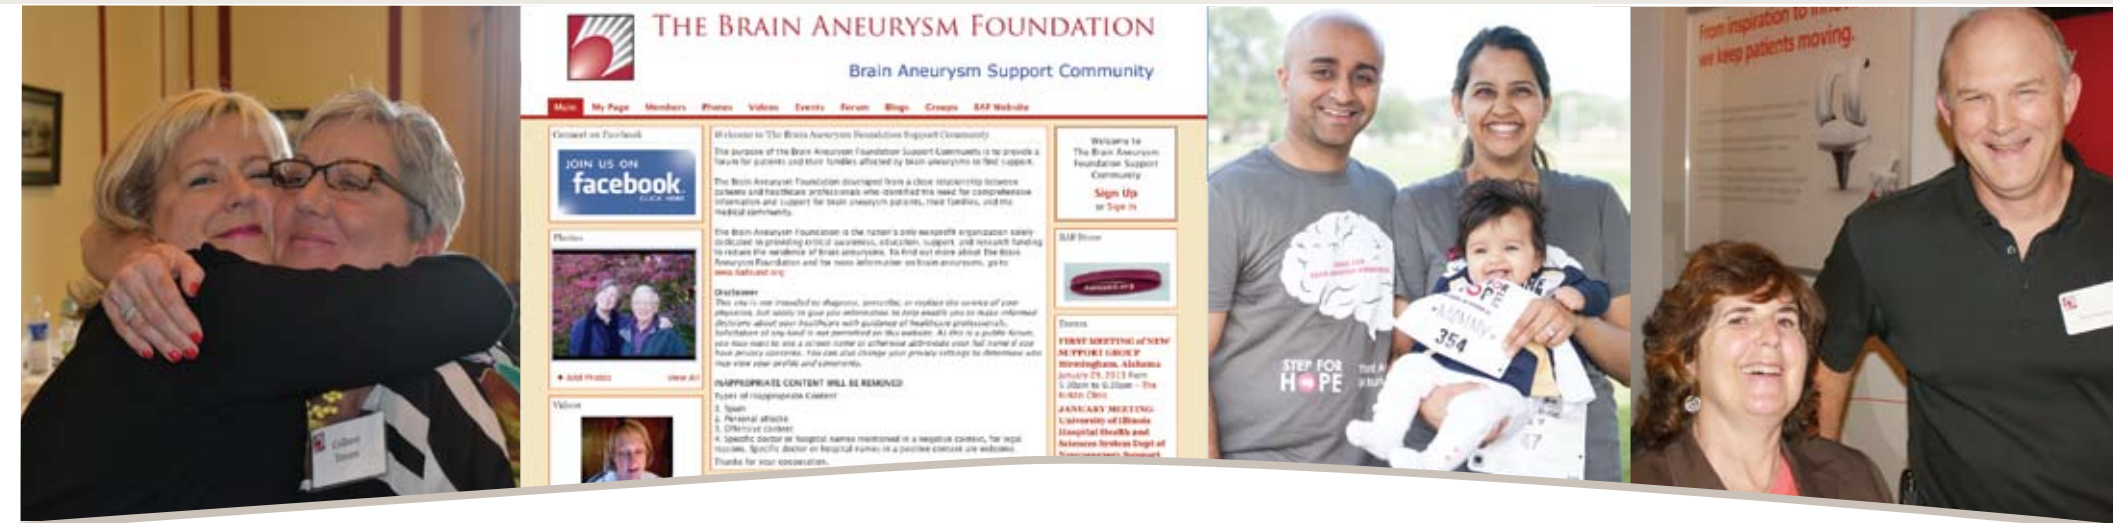

University of Miami Hospital Brain Aneurysm Support Group

Collaborating with the Brain Aneurysm Foundation enables hospitals and medical professionals that treat brain aneurysm patients to provide a continuum of care though the ongoing support and educational information and resources that the foundation provides at no cost.

The Brain Aneurysm Foundation's Mission

To provide support and educational materials to the medical community, the newly diagnosed, survivors, family members, friends and the general public regarding the facts, treatment options, and recovery process for brain aneurysms. With the help of the medical community, remain steadfast and earnest in the pursuit of brain aneurysm research that can directly benefit those affected.
