**BRAIN ANEURYSM
FOUNDATION**

The Brain Aneurysm Foundation is fortunate to have a Medical Advisory Board composed of neurologists, neurosurgeons, and interventional neurologists from around the world working at many of the world's most prestigious medical facilities. These doctors provide continued expertise and support to the foundation in a variety of ways and we are grateful for the time contributed and the dedication of our medical experts. In 2014, we continued to strengthen our visibility through the engagement of our Medical Advisory Board partnering with the foundation to impact awareness, education, support and research locally, nationally and internationally.

The Brain Aneurysm Foundation is grateful for the service of the Board Members who give very generously of their time, talent and individual perspective providing inspired direction to fulfill the mission of the organization.

A Word from

The Executive Director

A great big **thank you** to our many supporters in 2014! It is incredible that the foundation celebrated its 20th year in 2014. We have come so far. The journey however would not have been possible without all of your donations, your time given as volunteers, and your tireless awareness efforts. It is because of **YOU**, the Brain Aneurysm Foundation continues to flourish and be a world leader in the fight against brain aneurysms.

2014 was the foundation's strongest year financially! But equally as important we continued to add support groups, increase events and awareness initiatives, and award the most number of research grants and the highest level of funding at \$230,000. Our monthly webinars remained a wonderful venue for physician presentations on relevant and cutting edge subjects to large audiences tuning in from various continents. Our third Lobby Day in May had a great crowd who brought the message of awareness, the importance of early detection, and the need for greater research funding to their Congressional representatives. I also had the distinct pleasure of meeting Vice President Biden to discuss these issues and ask for his support.

With 20 years behind us, we have a solid base to continue to work together to make the lives of all those affected in some way by a brain aneurysm a better life; whether it be a survivor, a caregiver, or those that have lost someone. So again, a big thank you to **YOU** for supporting the mission of the Brain Aneurysm Foundation. **YOU** are with us every step of the way as we continue to *Raise Awareness and End Fear*.

I look forward to the achievements **WE** will make **together** in 2015.

Thank you again for your dedication to the Brain Aneurysm Foundation!

Best wishes – **Christine Buckley**, *Executive Director*

The Medical Advisory Board Executive Director

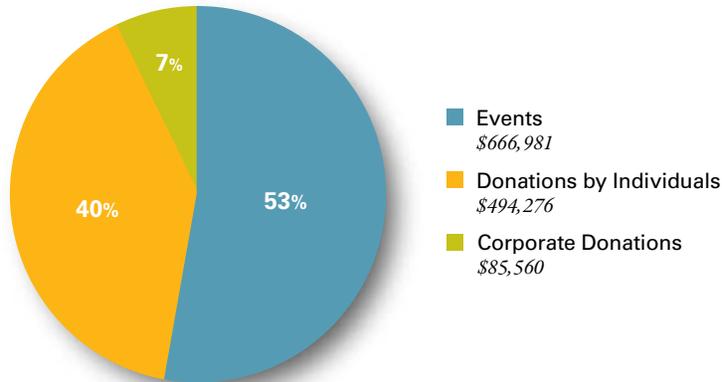

I am thrilled to see the many successes of the Brain Aneurysm Foundation after 20 years! I am humbled to have been a part of this organization since its inception. Never in my wildest dreams did I imagine the tremendous worldwide outreach the BAF would have or the research funding levels to date. The foundation has distributed over \$1,000,0000 in research funding since 2007. In 2014 the largest amount of funding to date, \$230,000, was distributed to 11 different research projects selected through a very competitive process. This funding is crucial to help continued efforts to identify and treat unruptured aneurysms as well as aneurysmal subarachnoid hemorrhage and its associated complications, such as vasospasm and stroke.

On behalf of the Medical Advisory Board, I congratulate you for all your efforts in 2014. I thank you for your continued support of the Brain Aneurysm Foundation and your commitment to pursuing research, education, and awareness and support for patients and families of this often devastating disease. I am hopeful 2015 will be as rewarding and that through our research, lives will be saved.

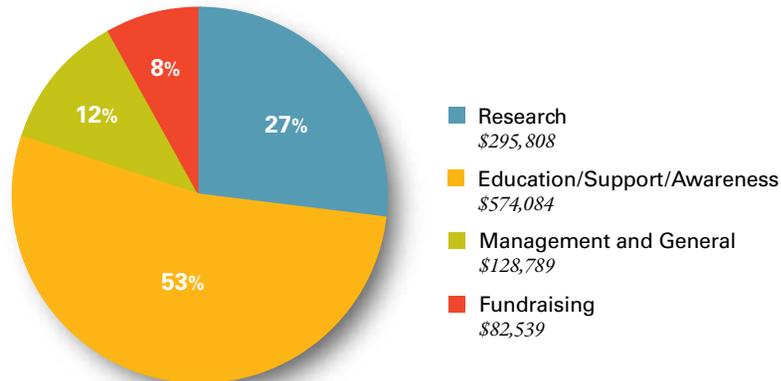

Christopher S. Ogilvy, MD, *Executive Director, Medical Advisory Board, The Brain Aneurysm Foundation*

2014 Financial Summary*

2014 Revenues - \$1,246,817

2014 Expenses - \$1,081,220

Since 1994, when the Brain Aneurysm Foundation was established in Boston on August 19, 1994, as a public charity, our funding has been targeted to providing critical awareness, education, support and research funding to reduce the incidence of brain aneurysm ruptures. The foundation has no endowment; every dollar we raise is deployed to advance research to reduce the incidence of brain aneurysm ruptures, to create wider awareness of brain aneurysms, to provide support for those affected by brain aneurysms, and to educate patients, their families, and the medical community about brain aneurysms.

The Brain Aneurysm Foundation keeps a sharp eye on expenses and strives to maintain a low overhead.

* Audited financial results for 2014 not currently available.

Research Grants

In 2014, the Brain Aneurysm Foundation awarded eleven grants totaling \$230,000 supporting our commitment to invest in brain aneurysm research.

The Brain Aneurysm Foundation awards research grants for basic scientific research directed at early detection, improved treatment modalities, and technological advances that will ultimately improve outcomes for patients with brain aneurysms. The foundation's Research Grant Committee is headed by Robert Rosenwasser, MD, FACS, Professor of Radiology and Neurosurgery at Thomas Jefferson University Hospital. He, along with other members of the Medical Advisory Board, scores all grant applications to determine the grant recipients based on the highest scores.

The 2014 research grant recipients include:

Hui Meng, PhD, The State University of New York at Buffalo. *The Carol W. Harvey Memorial Chair of Research*, a \$25,000 grant awarded for: The Development of Blood-Based Biomarkers for Brain Aneurysm Detection.

Koji Hosaka, PhD, University of Florida. *The Shirley Dudek Demmer Chair of Research*, a \$25,000 grant awarded for: Monocyte Chemotactic Protein-1 (MCP-1) Mediated Cerebral Aneurysm Healing: Cellular Mediators, Mechanisms and Downstream Actions.

The Maine's KAT Walk & Karo-5K Chair of Research, a \$20,000 grant awarded for: Inflammatory Mediator-Releasing Coil to Promote Cerebral Aneurysm Healing: Modulating Inflammation to Induce Vascular Repair.

Andrew J. Baker, MD, FRCPC, St. Michael's Hospital. *North Shore University Hospital Brain Aneurysm Center. Chair of Research*, a \$25,000 grant awarded for: Safety, Blood Brain Barrier Permeability and Potential Efficacy of Etanercept for Aneurysmal Subarachnoid Hemorrhage.

Pina C. Sanelli, MD, MPH, FACR, North Shore - Long Island Jewish Health System.

Cynthia Lynn Sherwin Chair of Research, a \$25,000 grant awarded for: Evaluating Microvascular Dysfunction as a Predictor of Delayed Cerebral Ischemia and Poor Outcomes after Aneurysmal Subarachnoid Hemorrhage.

Waleed Brinjikji, MD, Mayo Clinic. *Step for Hope Chair of Research*, a \$25,000 grant awarded for: Effect of Systemic Administration of Simvastatin on Aneurysm Healing in a Rabbit Model.

Ivan Radovanovic, MD, PhD, FMH, Toronto Western Hospital, University Health Network. *Timothy P. Susco Chair of Research*, a \$25,000 grant awarded for: Imaging Genomics of Unruptured Intracranial Aneurysms.

Hoyee Wan, MD, PhD candidate, St. Michael's Hospital. *Christopher C. Getch Chair of Research* (sponsored by the CV Section), a \$10,000 grant awarded for: Role of Microvascular Dysfunction in Mediating Blood Brain Barrier Dysfunction and Neuronal Cell Death after Experimental Subarachnoid Hemorrhage.

Brandon A. Miller, MD, PhD, Emory University. *Karen M. Schurr Memorial Chair of Research*, a \$20,000 grant awarded for: Neuroinflammation and Synaptic Dysfunction after Subarachnoid Hemorrhage.

Jianping Xiang, PhD, The State University of New York at Buffalo. *Dawn Brejcha Chair of Research*, a \$10,000 grant awarded for: A View: A Bedside Simulation Tool for Neurovascular Intervention.

Gustavo Pradilla, MD, Emory University. *Kristen's Legacy of Love Chair of Research*, a \$20,000 grant awarded for: Effect of Progesterone on Inflammation, Vasospasm and Early Brain Injury after Subarachnoid Hemorrhage: Behavioral & Histopathological Outcomes in a Rodent Model.

The 2014 grant recipients were awarded their individual grants at the Eighth Annual Brain Aneurysm Foundation Research Grant Awards Symposium on September 11, 2014, at The Biltmore in Coral Gables, Florida. The University of Miami Health System hosted this wonderful evening..

Awareness and Education

Back on Capitol Hill - Lobbying for Brain Aneurysm Awareness

On May 6, 2014, the Brain Aneurysm Foundation returned to Capitol Hill. We had 50 people, representing 15 states, including: California, Illinois, Indiana, Iowa, Kansas, Maryland, Massachusetts, New York, North Carolina, Ohio, Pennsylvania, Texas, Virginia, Washington and Wisconsin.

Over 80 meetings were held with Members of Congress to garner support for resolutions in both the House and Senate aimed to designate September as National Brain Aneurysm Awareness Month. The response and support we received during these meetings was overwhelmingly positive.

In the meetings we also expressed the importance for Congress to ensure that insurance companies are required to pay for patient screenings as deemed appropriate by medical personnel and provide more coverage for rehabilitative care. The event culminated with our Executive Director, Christine Buckley, meeting with Vice President Joe Biden, a two-time brain aneurysm survivor. The Brain Aneurysm Foundation was honored to have the opportunity to meet with him privately and very grateful to all who made the meeting possible.

Newly Created Awareness and Educational Materials

In conjunction with a complete rebranding of the organization, the Brain Aneurysm Foundation revised all of our educational and awareness materials in 2014. Collaborating with ICU nurses we created an ICU packet to provide patients and their families with recovery resource information to help our partner hospitals provide a continuum of care to their patients. We launched a 1 in 50 awareness campaign through social media to highlight the prevalence of this condition to the general public. The response to both of these initiatives was overwhelmingly positive.

Check Out Our Free App

The Brain Aneurysm Foundation has announced the release of its new mobile application “Brain Aneurysm” for use on Apple and Android devices. The free app, now available for download on iTunes and Google Play, is designed to provide the general public with useful information about brain aneurysms, whenever and wherever they may need it.

The Brain Aneurysm App was created in conjunction with The Neurosurgical Atlas and Dr. Aaron Cohen-Gadol, a leading neurosurgeon from Goodman Campbell Brain and Spine and Indiana University Department of Neurosurgery. *continued on opposite page*

Virtual Library of the Brain Aneurysm Foundation Webinars

The Brain Aneurysm Foundation live webinars have used the power of the Internet to create a webinar forum where patients can reach experts to discuss important details of their care, and most importantly, have the ability to ask questions while they are at home, at no cost. The BAF webinars have been very successful in reaching the above mentioned goals to satisfy the mission of the Brain Aneurysm Foundation. Dr. Aaron Cohen-Gadol, an aneurysm surgeon and a member of the BAF Medical Advisory Board, has been moderating these webinars. We continue to receive very positive feedback from our members who attend these webinars from all over the world. These webinars are archived and are available for viewing shortly after the presentation of the live webinar on the BAF website. In 2013 we created a patient library of “Cerebral Vascular Webinars” and a new physician library of “Cerebral Vascular Webinars” to provide greater accessibility of these excellent resources.

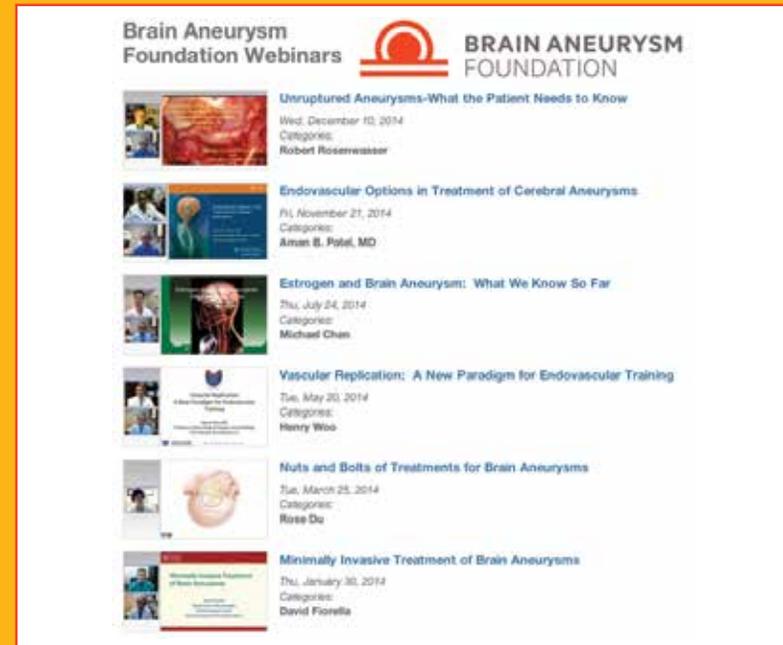

The Brain Aneurysm Foundation would like to acknowledge and thank the following doctors who delivered webinars in 2014:

Robert Rosenwasser, MD — Presented “Unruptured Aneurysms”-What the Patient Needs to Know

Aman B. Patel, MD — Presented Endovascular Options in Treatment of Cerebral Aneurysms

Michael Chen, MD — Estrogen and Brain Aneurysm: What We Know So Far

This new application is an innovative way to increase awareness and educate individuals about brain aneurysms. The app features educational videos about aneurysms, treatment and recovery and patient advocacy. The app also provides access to a variety of blogs about brain aneurysms, discussion groups, upcoming events and fundraisers and much more.

Educational Booklets Available in Three Languages

Over 25,000 educational pamphlets for brain aneurysm treatment options and recovery were distributed across the country and internationally, to medical facilities treating brain aneurysms, as well as our 60 support groups. The booklets are available in English, Spanish and Chinese. The Chinese translation was provided by: Qiyong Mei, M.D. of Shanghai and proofing by Rose Du, MD, Ph.D. The Brain Aneurysm Foundation would like to thank Codman Neurovascular and Covidien for providing the funding for the production of our rebranded and updated patient educational booklets.

The Brain Aneurysm Foundation is proud to announce in 2013 we became a registered charity in Canada and in 2014 began planning two fundraising events that will be held in Canada in May and June of 2015.

Support Services

The Brain Aneurysm Foundation eases the diagnosis, procedural and recovery process for survivors and families by providing phone support, email support, support groups, our main website, and our support website.

The online support website at www.bafsupport.org was initially launched by the Brain Aneurysm Foundation in 2010. In 2014 membership has increased 20%, with 1,100 new members joining and now has over 6,500 members, all affected by brain aneurysms either as survivors or family members. This community is now being moderated by Ben's Friends.

Support groups offer brain aneurysm survivors and their families the opportunity to share life experiences, work through challenges and find new ways to adapt to changes in their life. The goal of support group meetings is to help alleviate fears and concerns through education and group discussions facilitated by a medical professional. Survivors realize that they are not alone. Survivors and caregivers share their experiences and show support to those that are in need. There are now close to 62 support groups located in the following states: MA, NH, ME, NY, NJ, PA, DE, MD, VA, IN, WI, IL,

MN, MI, OH, MO, KS, TN, GA, FL, NC, CT AL, CO, TX, AZ, CA, WA, OR and Canada.

The Brain Aneurysm Foundation is working very closely with the Medical Advisory Board members to establish new support groups in the hospitals where they practice and we are pleased to announce the following new support groups as a result of these efforts.

Hospital of the University of Pennsylvania Brain Aneurysm Support Group

Loyola University Medical Center Brain Aneurysm Support Group, IL

Spine & Brain Imaging Center Brain Aneurysm Support Group, Franklin, WI

Triangle - Duke Brain Aneurysm Support Group, Raleigh, NC

Yale - New Haven Hospital Brain Aneurysm Support Group, CT

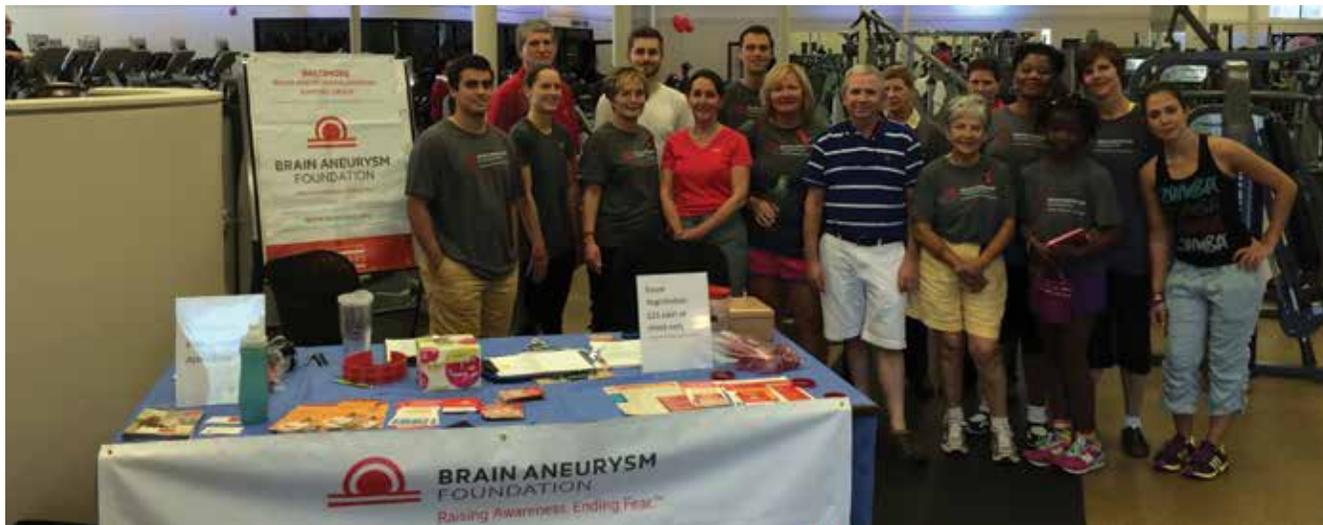

Collaborating with the Brain Aneurysm Foundation enables hospitals and medical professionals that treat brain aneurysm patients to provide a continuum of care though the ongoing support and educational information and resources that the foundation provides at no cost.

 strives to correctly recognize all
 donors. We apologize in advance
 for any errors, omissions or
 misspellings in this report. Please
 email office@bafound.org with
 any corrections.**

Thank you for a great 2014!

How can you help establish September as National Brain Aneurysm Awareness Month?

IT'S VERY EASY.

Encourage your elected officials to support these resolutions:

H. Res.
259

S. Res.
176

and track their progress to date!

To encourage your Representative's support, visit:

www.govtrack.us/congress/bills/114/hres259

To encourage your Senator's support, visit:

www.govtrack.us/congress/bills/114/sres176

Contact your Representative in 3 easy steps:

Step 1

Visit the resolution pages on www.govtrack.us
Click **Call Congress** and type in your address to find your representatives.

Step 2

Enter your phone number to receive a call and be connected automatically to your representative or choose to call on your own.

Step 3

Use the provided **Suggested Call Script** when speaking to your representative's office and provide them with your name and address.

Or take action by going to: <http://bafound.rallycongress.com>
and send letters to your Representatives and the Vice President!

Mission

To promote early detection of brain aneurysms by providing knowledge and raising awareness of the signs, symptoms and risk factors. Work with the medical communities to provide support networks for patients and families, as well as to further research that will improve patient outcomes and save lives.
