

**BRAIN ANEURYSM**  
FOUNDATION

ANNUAL REPORT 2015

Raising Awareness. Ending Fear.

The Brain Aneurysm Foundation is fortunate to have a Medical Advisory Board composed of neurologists, neurosurgeons, and interventional neurologists from around the world working at many of the world's most prestigious medical facilities. These doctors provide continued expertise and support to the foundation in a variety of ways and we are grateful for the time contributed and the dedication of our medical experts. In 2015, we continued to strengthen our visibility through the engagement of our Medical Advisory Board partnering with the foundation to impact awareness, education, support and research locally, nationally and internationally.

The Brain Aneurysm Foundation is grateful for the service of the Board Members who give very generously of their time, talent and individual perspective providing inspired direction to fulfill the mission of the organization.

# A Word from:

## The Executive Director

2015 was a busy year for the foundation!

With the support of many we were able to accomplish so much. We continued growing our support groups, provided many fabulous webinars from top notch medical experts, had another successful lobby day on Capitol Hill, provided the largest amount of research funding to date, and started the work on three great awareness initiatives.

The awareness initiatives are critical in our efforts together to eliminate brain aneurysm ruptures and promote early detection to save lives. Emmy Award winning producer Mitchell Stuart of HQ Creative in New York created a dramatic PSA and an aspirational video documentary on the short life of Ellie Helton. An early detection video was created by Cramer productions to highlight for many in the medical community the signs and symptoms of brain aneurysms, the importance of knowing when to perform a scan, and what happens if a diagnosis is missed. Each video is powerful, uniquely communicating necessary information in their own way. I call on all of you to please share each video any way you can, with as many people as you can.

The Brain Aneurysm Foundation relies on all of you to help us do all we can in the fight against brain aneurysms. So please join us to continue raising awareness with the ultimate goal of saving lives!

Thank you all again, for supporting the mission of the Brain Aneurysm Foundation. **YOU** are with us every step of the way as we continue to Raise Awareness and End Fear.

I look forward to **OUR** achievements in 2016.

Best wishes – **Christine Buckley**, Executive Director

## The Medical Advisory Board Executive Director

On behalf of the Medical Advisory Board, I congratulate all who have contributed to the success of the foundation in 2015. Your generosity given in so many ways allowed the foundation to award \$265,000 to 13 different research projects this year! This is a tremendous accomplishment and brings the total funds awarded by the BAF over the past nine years to approximately \$1,300,000. These funds are critical to improve identification and treatments of unruptured aneurysms and outcomes for all those affected by brain aneurysms, as well as aneurysmal subarachnoid hemorrhage and its associated complications, such as vasospasm and stroke.

I look forward to 2016 being an even better year and that through our research, lives will be saved.

Thank you all for your support of the Brain Aneurysm Foundation!

**Christopher S. Ogilvy, MD**, Founder, Brain Aneurysm Foundation

## 2015 FINANCIAL SUMMARY

### REVENUES - \$1,057,310

### EXPENSES - \$1,089,120

Since 1994, when the Brain Aneurysm Foundation was established in Boston on August 19, 1994, as a public charity, our funding has been targeted to providing critical awareness, education, support and research funding to reduce the incidence of brain aneurysm ruptures.

The foundation has no endowment; every dollar we raise is deployed to advance research to reduce the incidence of brain aneurysm ruptures, to create wider awareness of brain aneurysms, to provide support for those affected by brain aneurysms, and to educate patients, their families, and the medical community about brain aneurysms. The Brain Aneurysm Foundation keeps a sharp eye on expenses and strives to maintain a low overhead.

\*Audited financial results for 2015 not currently available.

## 2015 RESEARCH GRANTS

In 2015, the Brain Aneurysm Foundation awarded thirteen grants totaling \$265,000 supporting our commitment to invest in brain aneurysm research.

The Brain Aneurysm Foundation awards research grants for basic scientific research directed at early detection, improved treatment modalities, and technological advances that will ultimately improve outcomes for patients with brain aneurysms. The foundation's Research Grant Committee is headed by Robert Rosenwasser, MD, FACS, Professor of Radiology and Neurosurgery at Thomas Jefferson University Hospital. He, along with other members of the Medical Advisory Board, scores all grant applications to determine the grant recipients based on the highest scores.

**William Gibson, MD**, The University of British Columbia, Child & Family Research Institute  
*Cynthia Lynn Sherwin Chair of Research: \$25,000*  
Awarded for: Exome Sequencing Study of Dominant Mutations in Familial Brain Aneurysms

**Itender Singh, MD**, Washington University in St. Louis  
*North Shore University Hospital Brain Aneurysm Center Chair of Research: \$25,000*  
Awarded for: The Role of Cyclophilin A in Blood-brain Barrier, Neurionflammation and Vasospasm after Subarachnoid Hemorrhage

**Justin M. Caplan, MD**, Johns Hopkins University School of Medicine  
*Step for Hope Chair of Research: \$25,000*  
Awarded for: The Role of Neural Stem Cells in Learning and Memory in Experimental Subarachnoid Hemorrhage

**Ashish Sonig, MD**, University at Buffalo  
*The Shirley Dudek Demmer Chair of Research: \$25,000*  
Awarded for: MicroRNA in Unruptured Intracranial Aneurysms: Fostering a Mechanism of Early Detection

**Koji Hosaka, PhD**, University of Florida  
*Kristen's Legacy of Love Chair of Research: \$20,000*  
Awarded for: Mechanism of Aneurysm Progression and Healing: Differential Roles of Macrophages in Distinct Phases of Inflammation

**Kimberly P. Kicielski, MD**, University of Alabama at Birmingham  
*The Maine's KAT Walk & Karo-5K Chair of Research: \$25,000*  
Awarded for: Correlation of Cerebral Aneurysm Wall Structure on OCT Images with Flow Models of Wall Shear Stress: A Pilot Study

**Aichi Chien, PhD**, The Regents of the University of California, Los Angeles  
*Timothy P. Susco Chair of Research: \$25,000*  
Award for: Longitudinal Analysis of Aneurysm 3D Morphology Changes and their Influence on Rupture Risk in Clinically followed Growing Aneurysms

**Douglas J. Cook, MD**, Queens University  
*The Ellie Helton Chair of Research: \$15,000*  
Awarded for: Probing the Link between Indolent Aneurysmal Dome Infection and Brain Aneurysm Growth and Rupture

**Hui Meng, PhD**, The State University of New York at Buffalo  
*The Carol W. Harvey Memorial Chair of Research: \$25,000*  
*TeamCindy – Alcatraz Chair of Research: \$10,000*  
Awarded for: Development of Blood-Based Biomarkers for Brain Aneurysm Detection: Stage II Model Development

**Christoph J. Griessenauer, MD**, Beth Israel Deaconess Medical Center  
*The Doris A. Connor Memorial Chair of Research: \$15,000*  
Awarded for: The Role of Anti-Angiogenic Factors Soluble Fms-Like Tyrosine Kinase-1 (sFlt-1) and Soluble Transforming Growth Factor B (TGFB) Co-Receptor Endoglin (sEng) in the Pathophysiology of Delayed Cerebral Ischemia

**Jung M. Park, MD PhD student**, University of Iowa  
*Karen M. Schurr Memorial Chair of Research: \$10,000*  
Awarded for: The Role of Inflammation and Myeloperoxidase in Cerebral Aneurysm Formation and Rupture

**Mohammad Amin Adibi**, University of Calgary  
*Christopher C. Getch Chair of Research (sponsored by the CV Section): \$10,000*  
Awarded for: Intravenous Mesenchymal Stem Cell Therapy on Aneurysm Formation in a Rabbit Model

**Shakira Brathwaite**, St. Michael's Hospital  
*Dawn Brejcha Chair of Research: \$10,000*  
Awarded for: Role of Toll-like Receptor 4 Signaling in Experimental Subarachnoid Hemorrhage

### Back on Capitol Hill - Lobbying for Brain Aneurysm Awareness

On May 13, 2015, the Brain Aneurysm Foundation returned to Capitol Hill. We had 40 people, representing 15 states, including: Rhode Island, Illinois, Indiana, Iowa, Kansas, Maryland, Massachusetts, New York, North Carolina, Ohio, Pennsylvania, Texas, Virginia, Washington and Wisconsin.

Over 100 meetings were held with Members of Congress to garner support for resolutions in both the House and Senate aimed to designate September as National Brain Aneurysm Awareness Month. The response and support we received during these meetings was overwhelmingly positive. In the meetings we also expressed the importance for Congress to ensure that insurance companies are required to pay for patient screenings as deemed appropriate by medical personnel and provide more coverage for rehabilitative care. We were able to continue to develop significant relationships with key members of Congress who have become champions for our cause. In particular, Congresswomen Renee Ellmers (R-NC) and Yvette Clarke (D-NY) supported the Brain Aneurysm Foundation's efforts this year to increase awareness of brain aneurysms and make the case for additional federal funding for brain aneurysm research.

### Check Out Our Free App

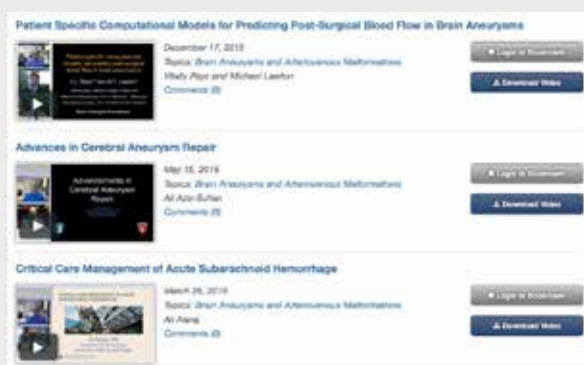

The Brain Aneurysm Foundation has announced the release of its new mobile application "Brain Aneurysm" for use on Apple and Android devices. The free app, now available for download on iTunes and Google Play, is designed to provide the general public with useful information about brain aneurysms, whenever and wherever they may need it.

The Brain Aneurysm App was created in conjunction with The Neurosurgical Atlas and Dr. Aaron Cohen-Gadol, a leading neurosurgeon from Goodman Campbell Brain and Spine and Indiana University Department of Neurosurgery. This new application is an innovative way to increase awareness and educate individuals about brain aneurysms. The app features educational videos about aneurysms, treatment and recovery and patient advocacy. The app also provides access to a variety of blogs about brain aneurysms, discussion groups, upcoming events and fundraisers and much more.

## Virtual Library of the Brain Aneurysm Foundation Webinars

The Brain Aneurysm Foundation live webinars have used the power of the Internet to create a webinar forum where patients can reach experts to discuss important details of their care, and most importantly, have the ability to ask questions while they are at home, at no cost. The BAF webinars have been very successful in reaching the above mentioned goals to satisfy the mission of the Brain Aneurysm Foundation. Dr. Aaron Cohen-Gadol, an aneurysm surgeon and a member of the BAF Medical Advisory Board, has been moderating these webinars. We continue to receive very positive feedback from our members who attend these webinars from all over the world. These webinars are archived and are available for viewing shortly after the presentation of the live webinar on the BAF website.

**The Brain Aneurysm Foundation would like to acknowledge and thank the following doctors who delivered webinars in 2015:**

**Vitaliy Rayz and Michael Lawton** — Presented patient Specific Computational Models for Predicting Post-Surgical Blood Flow in Brain Aneurysms

**Ali Aziz-Sultan** — Presented Advances in Cerebral Aneurysm Repair

**Ali Alaraj** — Presented Critical Care Management of Acute Subarachnoid Hemorrhage

## Educational Booklets Available in Three Languages

Over 25,000 educational pamphlets for brain aneurysm treatment options and recovery were distributed across the country and internationally, to medical facilities treating brain aneurysms, as well as our 64 support groups. The booklets are available in English, Spanish and Chinese. The Chinese translation was provided by: Qiyong Mei, MD of Shanghai and proofing by Rose Du, MD, PhD. The Brain Aneurysm Foundation would like to thank Mizuho for providing the funding for the production of our rebranded and updated patient educational booklets.

## 2015 SUPPORT SERVICES

The Brain Aneurysm Foundation eases the diagnosis, procedural and recovery process for survivors and families by providing phone support, email support, support groups, our main website, and our support website.

Support groups offer brain aneurysm survivors and their families the opportunity to share life experiences, work through challenges and find new ways to adapt to changes in their life. The goal of support group meetings is to help alleviate fears and concerns through education and group discussions facilitated by a medical professional. Survivors realize that they are not alone. Survivors and caregivers share their experiences and show support to those that are in need. There are now 64 support groups located in the following states: MA, NH, ME, NY, NJ, PA, DE, MD, VA, IN, WI, IL, MN, MI, OH, MO, KS, TN, GA, FL, NC, CT, AL, CO, TX, AZ, CA, WA, OR and Canada.

**BRAIN ANEURYSM  
FOUNDATION**

## MISSION

To promote early detection of brain aneurysms by providing knowledge and raising awareness of the signs, symptoms and risk factors. Work with the medical communities to provide support networks for patients and families, as well as to further research that will improve patient outcomes and save lives.
