

**BRAIN ANEURYSM  
FOUNDATION**

Saving and Improving Lives for **25** Years.

**DONATE**

## Together We Can Take Action!

Last month we announced that due to the COVID19 pandemic, our 9th Annual Advocacy Day on Capitol Hill had been rescheduled to September. Unfortunately, the decision has been made to cancel the in-person meetings for this year, but we are still as dedicated as ever to making a difference and making our voices heard on Capitol Hill. Please see below for ways that we can join together and **take action virtually** to bring much needed awareness to brain aneurysms.

HELP MAKE SEPTEMBER

**BRAIN  
ANEURYSM  
AWARENESS  
MONTH**

In Massachusetts, we have been very fortunate to have Governor Charlie Baker support the work of the Brain Aneurysm Foundation and realize the importance of making September Brain Aneurysm Awareness Month.

"I am proud once again to support the mission of the Brain Aneurysm Foundation by declaring September as Brain Aneurysm Awareness Month in Massachusetts," said Governor Charlie Baker. "With 1 in 50 Americans impacted by this life altering disease, it is important that we all continue to get involved and this September, I look forward to another opportunity for the community to come together, raise awareness and share their stories of survival and loss."

**The Brain Aneurysm Foundation believes you have a legislator that would take the lead to make this declaration in your state.**

Let's make it our goal to have all 50 states in September 2020 declare September as Brain Aneurysm Awareness Month!

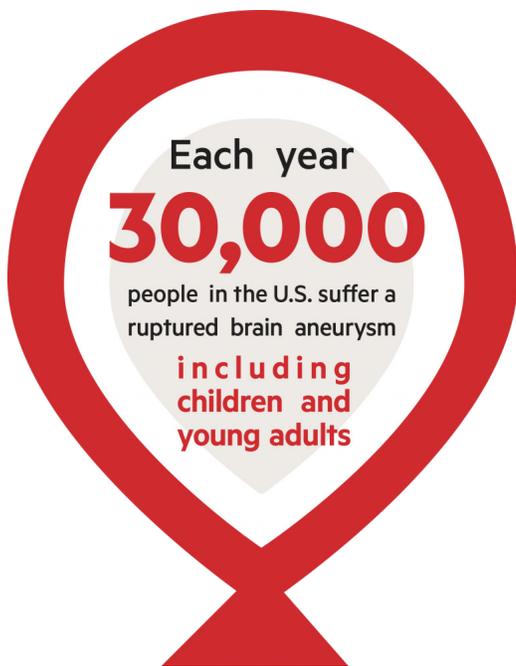

**JOIN US HERE**

# Become a State Ambassador

Last summer we launched our **Stop the Pop Campaign** in hopes of spreading awareness and understanding of brain aneurysms. We had great success in 2019 and we are still on a mission to secure ambassadors from all fifty states in 2020! Click the button below to find out more about our goal to Stop the Pop and see how **you can help** us raise awareness and provide education in your state.
